About ARCS Foundation Oregon

ARCS Foundation Oregon, a women-led organization, is dedicated to advancing science and technology by providing unrestricted fellowships to exceptional PhD students in STEM at Oregon's top research universities. Since our founding in 2004, we have awarded over \$7.2 million to support 428 young scientists at Oregon Health & Science University, Oregon State University, and the University of Oregon.

Like you, we believe advanced STEM education is essential to building a skilled, competitive workforce that drives economic growth and prosperity. ARCS Scholars and Scholar Alumni are making groundbreaking discoveries and, with your support, we can continue fueling the success of the next generation of leading-edge thinkers in science and technology.

About Our Signature Event: Impact! Ignite!

Join us for an unforgettable evening at Impact! Ignite!, ARCS Foundation Oregon's night of innovation, inspiration, and generosity. On October 7, 2025, leaders, philanthropists, and top scholars will come together to celebrate the power of science, education, and community—all while raising critical funds to support the next generation of STEM talent.

Connect with top STEM scholars during a cocktail reception and poster session, then enjoy dinner and inspiring stories of innovation—all while raising critical funds to support the next generation of scientific leaders. With a fundraising goal of \$260,000, every sponsorship and auction contribution helps to drive groundbreaking discoveries and economic growth.
